

Presentations by Trevor Moran

Technical Resource Engineer

Alberta Chapter

Canadian Concrete Pipe Association

- ⊕ Buried pipe design including indirect and direct concrete pipe design and flexible pipe design
- ⊕ Pipepac demonstration - our indirect pipe design software suite including 3EB (Three Edge Bearing), CAPE (Cost Analysis of the Pipe Envelope) and LCA (Lifecycle Costing Analysis)
- ⊕ Standard Installation beddings for reinforced concrete pipe
- ⊕ Lifecycle costing
- ⊕ Manning's 'n' values
- ⊕ Post construction inspection methods
- ⊕ The latest research in buried pipe products
- ⊕ Project case histories
- ⊕ Sanitary sewer design
